

**YAKAMA NATION HUMAN RESOURCES DEPARTMENT
JOB ANNOUNCEMENT**

Announcement # 2012-118 **Issue Date:** 08-29-12 **Closing Date:** 09-12-12

Fisheries Technician III
Fisheries Resource Management
Department of Natural Resources
Hourly Wage: DOQ/Full-Time/Regular
Location: Twisp, WA

Is responsible for a variety of technical and skilled tasks related to summer Chinook evaluations on the Methow River Basin. Assists in the capture of anadromous fish. Routinely monitors water temperature. Maintains operation of field monitoring equipment.

Knowledge, Skills and Abilities:

- Skill in fish identification and fishery field techniques preferred.
- Ability to work independently and as a team member in a field and/or office setting.
- Knowledge in use of a computer and data entry including Microsoft Excel and Access software.
- Skill in installation, operation and maintenance of 8-foot rotary screw trap.
- Ability to operate DIDSON sonar equipment.
- Ability to lift and carry objects weighing more than 30 pounds.
- Skill and knowledge of CWT and PIT tagging of small juvenile salmonids.

General Recruiting Indicators:

- Must have 2-3 years demonstrated work experience as a Fish Technician II or substitute schooling in fisheries science or related field.
- Must possess a valid WA State Driver's License and ability to obtain a tribal drivers permit.
- Must have a good driving record and ability to acquire tribal insurance.
- Ability to pass a pre-employment drug and alcohol test.

Special Requirements:

- Housing is provided. No per diem offered. Mileage for use of personal vehicle to and from field station is not provided. Incumbent must be willing to travel in personal vehicle to field station and remain there for the duration of work week.
